

A photograph of a bedroom interior. On the left, a bed with a white headboard and a brown textured pillow is visible. In the center, a wooden bedside table with a slatted design holds a white lamp with a textured base and an open book. To the right, a window with horizontal blinds allows light to filter through, creating a striped pattern on the wall. The floor is dark wood, and a shaggy rug is partially visible at the bottom.

## COMODINI

Comodini che accompagnano l'elemento principe delle camere. Materiali e colori coordinati con il letto ed insieme diventano complementari.
